	2006-2007 Murano (Z50)	2009-2010 GT-R (R35)
	2009 Murano (Z51)	2009 cube (Z12)

SERVICE INFORMATION:

The Service Procedures for the following will no longer be available in Technical Service Bulletins:

- NATS Key registration.
- Intelligent Key registration.
- Steering Lock Unit ID Registration.

These Procedures are now only available in the CONSULT-III Operation Manual.

You must have the Security Key installed to access the Operation Manual.

The Operation Manual is blocked from print functions for security.

To open the Operation Manual: Close ASIST. Click on START, then CONSULT-III Operation Manual. From the Operation Manual Selection window, select CONSULT-III Operation Manual NATS-NVIS. Then select the language choice.

Use the information in the Table on Page 2 and 3 to determine which Manual Selection is required for the vehicle you are working on.

Nissan Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.
