REPROGRAMMING WITH CONSULT

**This bulletin has been amended, to reflect the latest reprogramming applicability.
Please discard any previous copies.**

APPLIED VEHICLES: All Nissan vehicles with a reprogrammable ECU

SERVICE INFORMATION

The transition of reprogramming files into “CONSULT III plus” (C-III plus) has been completed. With C-III plus, if a reprogramming interruption occurs, C-III plus has the ability to recover and complete the reprogramming, eliminating the need for ECU replacement resulting from reprogramming interruption.

With this feature in C-III plus, technicians are hereby requested to **stop** all reprogramming using CONSULT III software.

If you have a reprogram to apply to a Nissan vehicle, please refer to the chart below to determine CONSULT applicability.

(1) Requires C-II or component replacement for these bulletins:

- NTB05-050: R51 Pathfinder VDC Service campaign
- NTB06-040: A60/TA60Titan/Armada with DTC C1179

(2) If C-II is no longer available, you can utilize the “Reprogramming C-II Loaner Program”. Refer to the Program Information on page 2 to utilize a C-II Loaner.

NOTE: The C-II Loaner is AVAILABLE ONLY FOR REPROGRAMMING USE.

Nissan Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.

Reprogramming C-II Loaner Program
(Available ONLY for reprogramming use)

- Contact TECH LINE and they will determine if a C-II Loaner is needed. If so they will make arrangements for the loaner to be shipped.
- Dealerships must return the C-II Loaner immediately after the reprogramming is completed.
- If the Loaner is not returned within one week of delivery, your FOM will be contacted to collect the unit.
